What Children Say

"how much it helped,
letting my feelings out"

"we give ideas to each other
about how to make friends"

"seeing that you have
things in common"

"getting to tell people your
problems and they listen"

"you can speak out and it
won't go anywhere else"

"We found Therese's day at school inspirational and motivating. Her style of working meant that everyone felt included and was able to actively participate, and leave feeling better informed, more confident, and ready for action! It was a great team-building day for all staff and helped everyone to work together with a greater understanding of our children's' daily needs."

Pam Simpson, Headteacher Kimpton, Thruxton and Fyfield C of E Primary School

"We worked with Therese over a period of two years. 'The Flourishing Schools Programme' helped change the culture in our school. The harder stuff is contained in a report tabled at a board of trustee meeting in March: exclusion have gone from eight to one in two years, while detention rates have halved. The number of serious cases requiring major intervention by the principal was 34 in the first term. Plummeting to just 11 for the whole of last year."
